“ Rick you will be missed dearly, we thought there would be more time but we know you will always be with us. You were a beacon of light and was never one to pass up a joke. You were a proud Sailor and an amazing husband to my mom, a wonderful father to your girls, and an exceptional grandfather to all of your grandchildren. We will never forget all the rides, our time together, and all the trips you took with mom. Fair winds and following seas, till Valhalla ❤️
